NUMBER 202.

IT CAME IN SHEETS.

Cloudburst Over Pittsburg and Allegheny.

A HEAVY LOSS TO PROPERTY.

It May Reach a Million Dollars in the Two Cities—Streets Like Running Rivers—Houses Flooded and Narrow Escape of the Inmates—So Far No Loss of Life Has Been Reported.

PITTSBURG, July 16.—A heavy rain-storm which was practically a cloudburst, at about 8 o'clock last night, did great damage throughout this city and Allegheny. It is estimated that the loss will reach a million of dollars. The weather bureau officials report 1.77 inches of rainfall during the 50 minutes which the storm lasted, one inch of this amount falling in the first 20 minutes of the storm. The storm coming so early in the evening doubtless saved many lives as very few had retired to bed. Many narrow escapes are reported, but no lives are thought to have been lost.

The storm came up very suddenly and gave little warning. The water came down in sheets, and in a few minutes the streets were like running rivers. Every street car line in the two cities, except the Birmingham Traction, was blocked and for hours no travel was attempted.

At Forty-eighth street, Lawrenceville, probably the most destruction was wrought. Every house on the north side of Butler street from Forty-eighth street east was flooded, many of them being entirely ruined. Quite a number of families were rendered homeless in this district.

The immediate cause of the trouble at this point was the giving way of the Allegheny cemetery stone wall which abuts the street. Just inside the wall, which is 10 feet high, is the opening of a large sewer, which drains what is called Cemetery run. The sewer mouth soon clogged with logs and rocks, and the water poured over its opening against the wall, soon undermining it. When the wall gave way the flood rushed down into the houses below, filling them to a depth of four feet on the first floor. For a time the street, which forms a sort of valley, was a miniature lake. The loss at this point will be many thousand dollars, but can not be specified at present. The Citizens' traction line for nearly two miles was under water for a long time, and much of it is ruined.

In Allegheny, Perrysville avenue was flooded from one end to the other, undermining the new street railway, rendering it an almost total loss. Seven miles of Sawmill Run plank road is destroyed, the planks being carried away and the roadbed ruined. The water came rushing down Madison avenue and East street four feet deep, when the sewer on Compromise street gave way. It plowed its way right through houses in its track and deposited boulders and gravel in front of the Twelfth ward schoolhouse eight feet high.

The soap factory of George Harley & Son, on Madison avenue, had three feet of gravel on the ground floor and \$6,000 worth of soap was destroyed.

The house of John Mueller on Spring Hill, near Royal street, was washed down the hill with three children in it. All were rescued, however, by the brave work of neighbors.

A landslide on Toboggan street carried with it into the streets below 1,000 tons of earth, rock and gravel. All the cellars on Howard street are flooded. This section is in the famous Butchers' Run district which was so disastrously flooded on July 26, 1874.

FATAL STROKE OF LIGHTNING.

A Thunderbolt Kills One, Terribly Injures Another and Shocks Two.

PORTSMOUTH, O., July 16.—During a severe storm two miles below here on the Kentucky side, about 6 o'clock Tuesday evening, Edward Duduit was struck by lightning and instantly killed. On the farm of James P. Brown, Duduit and several others were hauling in hay. Just as the storm came up they arrived at the barn. As it was a metal roof structure they were afraid of it and took shelter in the scale shed nearby.

The lightning struck this shed, felling the team to the ground. Mr. Brown was knocked to his knees. On recovering he saw his son Willard and Duduit lying on the ground. Gathering up the boy he carried him into the rain. The water failing to revive him he was carried to his home, a distance of 200 yards. Others of the party who had been severely shocked on recovering ran to the assistance of Duduit, who was found to be dead.

Dr. Titus of this city was immediately summoned. A few minutes before his arrival young Brown revived. Although seriously injured there is some hope of his recovery. The total result of the fatal flash is one death, one seriously hurt, two severely shocked and burned and the horses badly stiffened up.

Saloonkeeper Shot by a Preacher's Son. SULLIVAN, Ind., July 16.—Charles Bell, a saloonkeeper 10 miles west of here, was shot and killed by Young Clemmons, a preacher's son. Clemmons defied arrest and is still at large. The sheriff has gone after him.

Tillman's Daughter Killed.

COLUMBIA, S. C., July 16.—It is reported here that Miss Addie Tillman, the eldest daughter of Senator Tillman, was killed by lightning on a mountain near Vrevar, N. C., yesterday afternoon.

BARRED OUT.

The German Reichstag Excludes Many American Securities.

WASHINGTON, July 16.—At the instance of the agrarian leaders the German reichstag has just enacted a law prohibiting speculation in options and also intended to restrict speculation in stocks. The new law will beyond doubt affect seriously the sale of American securities in Germany, aside from its effect upon grain markets.

The announced purpose of the agrarians in passing the law was to increase the price of grain, and in the debates there were plentiful citations of the arguments so freely advanced in congress when the anti-option bill was being pressed a few years ago.

Details of the new law are supplied to the state department by United States Commercial Agent Moore at Weimar, with explanatory notes and comments. As to stock speculation the restrictions adopted threaten to exclude from the German exchanges a large class of American industrial and mining and railroad properties, and are especially severe upon new projects.

In each exchange government inspectors will be stationed. No stock can be placed on the list except by direction of a committee, at least a majority of whose members are not member of the exchange. No stock can be listed unless the corporation has been in existence at least one year and has submitted a profit and loss statement for the year, nor can any stock be listed until the committee has thoroughly examined into the soundness of the new corporation and satisfied itself as to the truthfulness of the statements made in the prospectus.

Any person guilty of deceit in placing or promoting stocks may be fined 15,000 marks, and there are other severe penalties for offenses against the law.

SOUTH AMERICAN NEWS.

Barely Enough Going on to Pay Correspondents' Salaries.

NEW YORK, July 16.—The Herald's correspondent in Rio Janeiro telegraphs that a motion was made in the Brazilian house of deputies to suspend diplomatic relations with Great Britain until the Trinidad incident should be settled. The government opposed the motion.

The Herald's correspondent in Sacre, Bolivia telegraphs that the government offers exclusive rights for five years, including a bounty on the product, to any one who will establish a sugar refinery in the republic.

The Herald's correspondent in Montevideo, Uruguay, telegraphs that there is undisguised satisfaction in commercial circles at the failure of the loan which was to be raised in London to establish a government bank.

In spite of denials that Peru and Chili have arrived at an agreement in relation to Tena and Arica, the facts which were cabled are being confirmed.

TOO MUCH WHISKY.

Kentucky Distillers May Stop Production For Eighteen Months.

LOUISVILLE, July 16.—The question as to whether the Kentucky distillers will cease the production of whisky for 18 months will be decided this week at a meeting to be held in the Union National bank, at which George W. Swearingen will preside. The entire matter hinges on the results obtained by Thomas S. Jones, who was sent east to confer with the owners of two Kentucky distilleries.

These distillers, the names of whom those interested at present refuse to divulge, and the proprietors of the Latonia distillery, opposite Cincinnati, have as yet refused to sign the agreement, and the output of the three combined is so great that unless their signatures to the agreement are obtained the plan will probably fall through.

He Didn't Do a Thing.

WHEELING, July 16.—H. H. Hedrich, a prominent real estate dealer is missing. Ten days ago he eloped with Miss Lizzie McCully, a Wheeling girl, and gave a St. Clairsville (O.) minister, a bad check for the marriage fee. Since his departure yesterday it has been learned that he flooded the town with bad checks to the extent of almost \$1,600, stole his wife's diamonds and pawned typewriters not his property.

Monument Unveiled.

LONDON, July 16.—The monument which has been erected in St. Mary's church, Aldermanbury, to John Heminge and Henry Condell, who collected the first published Shakespeare's writings after the death of the famous English dramatist, was unveiled yesterday afternoon. Sir Walter Wilkin, lord mayor of London, officiated in full state. An address was made by United States Ambassador Thomas F. Bayard.

Andree's Balloon Trip Delayed.

LONDON, July 16.—A dispatch received here from Hammerfest, Norway, says that a party of tourists who arrived there from Danes island yesterday, report that Herr Andree's balloon house, from which he has planned to set out on his aerial voyage to the north pole, will not be ready before August. It has been expected that the house would be completed early in July.

California Wines Free.

WASHINGTON, July 16.—According to the report of United States Consul General Mills of Honolulu, the Hawaiian legislature has passed an act admitting wines containing less than 18 per cent alcohol free of duty and increasing the duty on spirituous liquors. In consequence, California wines, which have been taxed 15 cents per gallon, will escape import duties.

RIOT AT CLEVELAND

Trouble Breaks Out Again at the Brown Works.

NONUNION MEN ASSAULTED.

Beaten With Clubs by the Strikers—One of the Unfortunate Men Stabbed Fifteen Times—The State Militia Ordered Under Arms as More Trouble Is Feared—Other Happenings in the Buckeye State.

CLEVELAND, July 16.—Farther disorders occurred at the Brown hoisting and conveying works yesterday morning. The strikers and their sympathizers attacked the nonunion men while the latter were on their way to work. In numerous cases the nonunionists were beaten with clubs and felled to the ground. C. W. Jackson, one of the unfortunate men who was attacked by a crowd of union men, received no less than 15 knife cuts on the face and body and had three ribs broken.

For a time the police, who were greatly outnumbered by the rioters, were unable to cope with the mob. The officers on duty around the works were finally reinforced, however, and succeeded in driving the enraged strikers back and rescuing the nonunion men.

After the police had quelled the trouble, quiet prevailed around the works. Two companies of militia have been ordered under arms, as it is believed that another outbreak will occur.

NEW YORK AND CHICAGO.

The Republican Executive Committee Will Have Two Headquarters.

CLEVELAND, July 16.—The Republican executive committee has decided to locate headquarters in both New York and Chicago. There will be no discrimination between the two cities by selecting either as the main headquarters. Chairman Hanna says he will be located nowhere, but will fight the campaign in the saddle.

Two vacancies on the national committee were filled by the appointment of Myron M. Parker of the District of Columbia and C. S. Johnson of Alaska. The members of the committee, with the exception of Senator Quay, who left for home in the afternoon, dined with Mr. Hanna yesterday evening.

OIL TANKS DESTROYED.

Effects of a Thunderstorm in and Near Marietta, Ohio.

MARIETTA, O., July 16.—This city and vicinity was visited yesterday by a severe thunderstorm. The lightning struck an oil rig on the Racer farm at Sand Hill, one mile east of the city, setting fire to it and to two tanks of oil, all of which were consumed.

The fire was communicated to the Rock Oil company's well on the Scott farm and destroyed another derrick and two more tanks of oil. In all 600 barrels of oil were consumed. The tanks on the Racer farm belonged to the Rock Oil company. The lightning also struck the fine new Willard school building in this city, doing considerable injury.

Sore Over His Defeat.

COLUMBUS, O., July 16.—W. J. Elliott, the life termer, issued yesterday a 36-page pamphlet in which he attempts to reply to the report of Hon. L. A. Koons, member of the board of pardons, recommending the rejection of Elliott's application for pardon. It is a hysterical sort of screed, in which Mr. Koons is abused, and while entirely untrue, is about what might have been expected from Elliott.

Drop in Crude Oil.

LIMA, O., July 16.—Oil producers were given another set back by the Standard Oil company yesterday, when the price of crude oils was reduced 3 cents a barrel, making a drop of 5 cents this week. Pennsylvania oil dropped to \$1.07, North Lima to 60 cents and South Lima and Indiana to 55 cents. Producers have again decided to stop the drill as the only remedy to stimulate prices.

Four Inches of Rainfall.

BLUFFTON, O., July 16.—One of the heaviest rainstorms ever known fell here yesterday morning and at noon. Riley creek was overflowed, cellars had about to or three feet of water in them and people had to move out of their houses. Lumberyards will lose a lot of lumber. Buckeye pipeline had about three feet of water in their buildings. Four inches of water fell in a short time.

Stranger Killed by Cars.

SYDNEY, O., July 16.—A stranger, beating his way on the Knickerbocker east-bound freight on the Big Four, fell from the train just east of here late yesterday and was killed. There was nothing on his person to disclose his identity. He got on the train at Brightwood, Ind.

His Last Spree.

LIMA, O., July 16.—S. P. Edsell loaded with whisky and drove his horse at a break-neck speed about town. In crossing the public square he fell backwards out of the buggy. The left side of his head was mashed, and he can not live.

NEW YORK, July 16.—Lord Dunraven's yacht, Valkyrie III, sailed from here yesterday for the Clyde, where she may be overhauled and raced against Emperor William's Meteor.

GREETED OLD FRIENDS.

Thousands of People Turn Out to Hear Mr. Bryan Speak.

SALEM, Ill., July 16.—A thunderstorm of violence caused a postponement of the Bryan meeting until 2:30 o'clock. Bryan was escorted from his sister's residence by a committee of leading citizens and six bands of music, as well as numerous men on horseback.

The procession went to the courthouse square, where thousands of people were congregated. In this courthouse the nominee's father was judge for a number of years.

During the storm people had difficulty to find shelter, as the crowd was larger than Salem could accommodate.

The appearance of Mr. Bryan was the signal for the loudest cheers. He made an address, which aroused the people to the wildest enthusiasm. Men, women and children came to town from every direction, and it was the biggest political demonstration Salem has ever had.

It threatened rain in the evening and the crowd at the night meeting was not as large as it otherwise would have been. The bands were out, however, and there was a display of fireworks.

NOTHING TO ARBITRATE.

Striking Miners on the Operators' Proposition.

INDIANAPOLIS, July.—There was a conference last evening between Secretary McCraith of the American Federation of Labor and Messrs. Barrister and McKellip, who are here soliciting aid for the striking coal miners, on the proposition to arbitrate. The conference was not extended, the situation being briefly reviewed. Mr. McCraith suggested that perhaps it would be well to consider arbitration, as suggested by the operators.

The committee from the strikers, however, contend that there is nothing to arbitrate. They say they are to the last ditch, and further reduction would not allow them living wages. They say they accepted one reduction with a realization of the dullness of business. President Gompers is out of the city, but on his return he will probably confer with the mine operators, in the hope of effecting a settlement.

MINERS DECLINE TO ARBITRATE.

No Compromise Will Be Acceptable Until Nonunionists Are Discharged.

TERRE HAUTE, Ind., July 16.—The situation at Star City mines has become so threatening that several deputy sheriffs have been sworn in to do service there. The striking miners, angered at the action taken to fill their places with nonunion men, became demonstrative, and the special officers were hastened to the scene to prevent an outbreak.

The force of deputies is generally conceded to be too small, and if a spark should touch off the inflammable minds of the men, riots similar to those of 1894 would doubtless ensue. All the mine-owners are on the scene, and they, with the staid class of miners, are seeking to prevent an eruption. The strikers say the men who took their places shall not stay. The operators are anxious to arbitrate, but the miners will grant no concessions.

BIG FOUR FREIGHT WRECKED.

Eleven Cars Are Ditched and Two Tramps Are Badly Hurt.

VEEDERSBURG, Ind., July 16.—The Big Four had a bad wreck yesterday at 12:15. A freight train coming from the east broke in two, and there being a big hill the back section came down with terrific rapidity, and just as it reached the center of town a terrible wreck occurred.

There were several tramps on the train; two of them were very badly hurt. They gave their names as Brown Burton and William Weeks, both of Chattanooga. They received several cuts about the head and face. Eleven freight cars were broken into kindling wood.

Methodist Parsonage Fired Upon.

WORTHINGTON, Ind., July 16.—Quite an excitement exists here over the shooting into the Methodist parsonage. At midnight some cowardly scoundrel fired five shots, three of which struck the house, one penetrating the front door. The pastor, Rev. W. M. Whitsitt, has been very active in advocating and helping enforce the law, especially the Nicholson law, and it is thought by many that this led to the shooting. A reward has been offered for the conviction of the offender.

Arrested For Child Stealing.

TERRE HAUTE, Ind., July 16.—Syvester Winingham of Seelyville was arrested here yesterday for child-stealing. The child in question is his grandson, Herman Winingham, 8 years old. The latter's parents allege that the old man was trying to spirit the child away. The grandfather says that the boy's parents abuse and beat him.

Financial Reverses Cause Suicide.

NOBLESVILLE, Ind., July 16.—B. F. Herron of Castleton committed suicide at an early hour yesterday morning by shooting himself through the heart. The act is attributed to financial embarrassment. Herron was forced to sell a large farm recently to pay his indebtedness. He was 60 years old, and leaves a wife and several children.

FORT SCOTT, Kan., July 16.—The Kansas court of appeals, all the judges concurring, has declared ineffective the law under which divorces have been granted in this state for over 25 years. It is estimated that from 35,000 to 50,000 divorces are affected. The decision also affects property rights and the custody of children.

WEYLER'S DEMAND.

All Foreigners Must Register Within Thirty Days.

THIS IS MEANT FOR AMERICANS.

If Not He Will Refuse to Recognize Them as Entitled to Protection Under the Cushing Protocol—The Purpose of the Spanish Official's Act Is at Present Unknown—Interest in Washington.

WASHINGTON, July 16.—Some interest has been excited here by the issue of a notice by Captain General Weyler in Havana that he would refuse to recognize as entitled to protection under the Cushing protocol all foreigners (meaning Americans) who do not register in a specially provided book within 30 days from the date of the order.

It appears that several months ago the state department sent instructions to Consul General Williams, and through him to all United States consuls in Cuba, directing them to offer to resident Americans an opportunity to register at the consulates. The purpose was to assist in keeping track of the Americans in Cuba, and facilitate the adoption of prompt measures looking to their protection in case of illegal arrest or harassment at the hands of the local authorities.

If the purpose of the Spanish officials is likewise to make easier the protection of Americans from unjust treatment then this last order will be well received, but on the other hand it can not for a moment be contemplated that the captain general by any order or edict of his own can withdraw citizenship from an American citizen or exclude him from the protection afforded by the Cushing protocol.

SEIZURE CLAIMS.

Commission to Settle the Subject Have Been Appointed.

WASHINGTON, July 16.—The representatives of the United States and of Great Britain on the commission to adjust the claims of British subjects for damages sustained through the seizure of their vessels while sailing in Bering sea before the adoption of the first modus vivendi, have at last been selected.

The treaty ratified by the last session of congress, provided for the appointment of two commissioners, one from Great Britain and the other from the United States. The British commissioner will be Hon. George E. King, at present one of the justices of the supreme court of Canada, while for the United States the commissioner will be the Hon. William L. Putnam, United States judge for the first circuit court in upper New England. Judge Putnam was a member of the international commission in 1888, which negotiated the fisheries convention during Secretary Bayard's administration of the state department.

WILL BE A TOTAL LOSS.

Pacific Mail Steamer Columbia Going to Pieces on a Rock.

PESCADERO, Cal., July 16.—The Pacific mail steamship Columbia, which ran on to the rocks Tuesday, is rolling heavily and thumping herself to pieces. The sea is calm, but the swell is rising, and there is about 18 feet of water in the hold.

The captain and officers of the steamer have apparently given her up and are preparing to leave when it is no longer safe to remain on board. Several tugs and steam schooners have been loaded with freight and efforts have been made all day to save as much as possible. Some of the cargo is washing out of the hold.

The surf breaks close to the steamer and if the sea gets rough she will only last a few hours. People are crowding on the beach to see the wreck and in anticipation of securing a slice of the cargo when she goes to pieces.

Hard Times in the Mines.

FRANKFORT, Ky., July 16.—The annual report of State Mine Inspector Norwood has just been made public. The inspector says that the condition of mines in the state during the year was such as to merit commendation. The statistics show that the hard times have affected the mining business, however, worse than has been known for many years, the output of coal being smaller and a less number of miners being employed.

Head-On Collision.

LAMBERTVILLE, N. J., July 16.—A terrible head-on collision between an excursion and passenger train occurred yesterday afternoon on the Philadelphia and Reading railroad, a few miles below this place. Both engines were wrecked and a number of cars telescoped and otherwise badly smashed. A number of persons are reported badly injured, some of whom will die.

Boy's Gun Burst.

BOONEVILLE, Ky., July 16.—Near here, on Meadow creek, yesterday, Andrew Osborn, Jr., attempted to shoot a hawk with a 38-caliber Winchester, when the gun burst and the needle penetrated the boy's head just above the left eye. The missile buried itself three and a half inches deep and when it was taken out a large hole was left. The boy will die.

JEFFERSONVILLE, Ind., July 16.—Jacob Fisher, 50, farmer, yesterday, while attending a horse that had been cut in the leg by a mowing machine, was kicked in the head by the animal, receiving supposedly fatal injuries.

A FAYETTE County Republican horseman has bet a Clark County farmer \$500 that Kentucky will give McKinley 5,000 majority in November. Better wait awhile before doing any betting.

We do not say it as a threat for we care little about it but this is going to be a year when many men will ruin a political record that it has taken years to establish.—Carlsle Mercury.

How? By bolting and refusing to support the party ticket? Don't you know that a premium has lately been placed on bolting and kicking?

It was right funny to see a few of our local sound money Democrats hopping into the free silver band wagon last week while the news was coming in from the Chicago convention. There are many others, however, who say that they cannot and will not sacrifice their principles for a mere party name. They will support McKinley and a sound money platform.—Fleming Gazette.

Well, if supporting McKinley wouldn't be a sacrifice of their principles, please tell us what would.

At the meeting of the Democratic State Central Committee in Lexington this week nine committeemen of that city were fired, it is said simply because they favored Colonel Breckinridge for Congress. Of course the State committee is looking after the interest and welfare of the party, but what right has this committee to interfere with county or city committees? It is just such meddling in local affairs that is injuring the party.

NIGHT ON SHIPBOARD.

The Regular Duties and the Time For General Relaxation.

The "first call" is sounded again five minutes before sundown, when the ensign and the jack balyards are manned, and a staylight made ready for hoisting to indicate the ship's whereabouts during the night. Then the color call follows at sundown as the flag is lowered, and saluted by all as it reaches the deck. The assembly is then sounded for evening quarters and muster, but there is no drill.

As a rule, it is just after sunset when the bugle call is sounded to "stand by hammocks." That brings all the crew on deck, and they stand in silence close out to the ship's side beside the hammock nettings, in two ranks facing the stern, until the boatswain's mate reports to the officer of the deck, "All up and aft." The latter then orders, "Uncover!—pipe down!" and in obedience to this order and the boatswain's whistle the nettings are thrown open, and the hammocks are served out and taken below to their proper places. Each hammock has printed on it a number, and that same number is on the hooks below decks where that hammock has to be swung, so that each man sleeps in the same place every night, and that place is called his "billet."

Unless, now, a boat is called away there will be no more bugle calls until five minutes of 9 o'clock. The period is one of complete relaxation, and is spent by the sailors in smoking, spinning yarns, singing, playing on musical instruments, and dancing. At 8:55 the first call is again sounded as a warning to the crew to prepare to turn into their hammocks and go to sleep. Then at 9 o'clock comes the call known as "tattoo."

This tattoo is the survival of an old custom. In the "old navy" it used to last 15 minutes, and was performed with drum and fife, playing all manner of airs and quicksteps according to the fancy or ingenuity of the drummer and fifer. It is even said to have been handed down from a period of superstition, when they used to make a hullabaloo after dark to drive the devils out of the ship. At the last note of tattoo the ship's bell is struck twice for 9 o'clock, and the boatswain's whistle sounds "Pipe down." Every man must then turn into his hammock, whether he is sleepy or not, for an inspection is made by the master at arms to see that all have done so. Then sounds that last, long, mournful call, "taps."—Lieutenant John M. Elliott, in St. Nicholas.

It is made in a tall glass pitcher of the tankard shape. According to Juliet Corson's recipe, given in the New York Times, the ingredients are a quart of champagne, a bottle of soda, slices of lemon, pineapple, a few strawberries, and the rinds of cucumbers, which are cut the full length of the cucumbers. This gives a delightful flavor and looks attractive through the pitcher. On top a bouquet of mint, through which the liquid percolates as it is poured into each glass, carries with it the delicious taste. It is the beau ideal of a beverage. Champagne cup goes well with birds at supper, or at a hot afternoon garden party.

Insist on having just what you call for when you go to buy Hood's Sarsaparilla, the One True Blood Purifier and nerve tonic.

KENTUCKY CROPS.

Conditions the Past Week Not so Favorable. The Outlook Good.

[For the Week Ending July 13.]

The weather conditions of the past week were not, upon the whole, so favorable to the progress of crops as for some time past. The average temperature of the week was below the normal, only rising to, or above it, during the last two days. Cloudy weather prevailed generally, especially in the eastern portions of the State; the amount of sunshine was consequently slightly less than the average. The average rainfall for the State for the week was very near the normal, though so unevenly was its distribution that complaints of dryness are made by some correspondents, while others report damage from too much rain. The greatest amounts are reported from counties in the central, southern and southeastern parts of the State, and the least in the northern and western counties. The damaging influences reported, while very numerous from some localities, are thought to have been confined in the main to comparatively small areas and do not represent any considerable proportion of the territory from which such reports were received. The general outlook for crops, which are as yet unharvested, is good, and in many parts of the State is excellent.

Western Kentucky.—The weather conditions in this section of the State were not entirely favorable, though the results were not seriously injurious in any locality. A very general complaint is made, especially from the extreme western counties and those close to the Ohio river, that too little rain has fallen for the best progress of crops. The dry weather has, however, permitted the prosecution of haying, the harvesting of oats and the completion of the work of threshing wheat. Hay is generally reported to be a little short of an average crop and some counties report quite a considerable deficiency in the yield. Reports relative to oats are very conflicting, but it is thought that the yield will be nearly if not quite equal to the average. Corn is generally in fine condition except that upon the lowlands where it suffered considerable damage from the washouts of several weeks ago. The crop is tasselling and earing, and much of it is so far advanced that it will mature without any more rain during the season.

Tobacco though generally in good condition, is reported to be buttoning out low in parts of Trigg, Christian and several adjoining counties. It is also suffering some slight injury from cut worms. Peaches are a uniformly good crop. Blackberries are reported to be very plentiful.

Central Kentucky.—The crop outlook in this section of the State continues to be encouraging, though there is much complaint of slight damage from heavy rain and high winds which visited localities of limited area during the week. Moderate rains fell in most parts of the district and served to retard work in the fields. Wheat threshing is not completed as yet and the grain is sprouting in the shock in Shelby, Spencer, Nelson, Fayette and Woodford counties. As the work of threshing progresses, it becomes more apparent that earlier predictions of shortage in the yield will be verified. Oats are being harvested but are difficult to save, owing to the fact that many fields have been blown down and lodged. Farmers speak most encouragingly as to the prospects for the crop. Wet weather retarded haying to some extent, but some progress has been made with the work. The fields, as a rule, are uneven and the general crop will be short. Corn is still in fine condition, though many fields are foul and wet weather has prevented the removal of the weeds and grasses which infest them. The complaint of cinch bugs are fewer this week than last. Tobacco, is almost without an exception, reported to be in fine condition. The condition of hemp is very good. Garden crops are excellent, though the presence of the cabbage worm is reported in many localities. The army worm has injured millet fields considerably. Fruits of all kinds, especially peaches, are very abundant. Meadows in fine condition.

Eastern Kentucky.—The effects of the weather condition of the week have been less favorable in this section of the State than in the others. There is an almost universal complaint of too much rain and damage from washouts. Work in the fields was retarded from the same cause and wheat, much of which has not yet been thrashed, is sprouting in the shock in many places. Oats which were a promising crop are badly blown down in many places, and it is feared that a large portion of them can not be saved. Corn, though badly blown down and twisted, will recover and still promises to be a fine crop, though in some of the lowlands it was washed out by excessive rains. Some little progress was made in hay cutting and the yield is not an average one.

Tobacco is in a generally good condition and has suffered less from damaging influences than other crops. Gardens

Good Blood

Is essential to health. Every nook and corner of the system is reached by the blood, and on its quality the condition of every organ depends. Good blood means strong nerves, good digestion, robust health. Impure blood means scrofula, dyspepsia, rheumatism, catarrh or other diseases. The surest way to have good blood is to take Hood's Sarsaparilla. This medicine purifies, vitalizes, and enriches the blood, and sends the elements of health and strength to every nerve, organ and tissue. It creates a good appetite, gives refreshing sleep and cures that tired feeling. Remember,

Hood's Sarsaparilla

Is the best—in fact the One True Blood Purifier.

Hood's Pills cure Liver Ills; easy to take, easy to operate. 25c.

are very fine, and the yield of Irish potatoes entirely satisfactory. Fruits are good, especially peaches and blackberries.

FRANK BURKE,

Section Director, Louisville, Ky.

When sand's as good as sugar.
When chalk's as good as milk.
When sixteen inches make a yard
And cotton's good as silk.
When fourteen ounces make a pound,
And this you'll now allow.
Then common soap may be as good
As Saxon Soap is now.

PERSONAL.

—Miss Anna Payne is visiting friends in Higginsport.

—J. M. Tune, of Ironton, was a visitor here yesterday.

—G. Tucker, of Paris, spent Thursday here on business.

—Hon. John B. Hiles, of Bracken, was in town Wednesday.

—Dr. G. R. Logan, of Enterprise, was here yesterday on business.

—J. S. Singleton, of Louisville, was here Wednesday on business.

—Col. T. A. Garrigan, of the C. and O., was here Wednesday evening.

—Miss Hemphill, of Higginsport, was registered at the Central yesterday.

—Mrs. Lucy Keith and Miss Lelia Wheeler are visiting in Central Kentucky.

—Mrs. Katie Moorehouse, of Dayton, O., is here visiting her brother, Mr. C. H. White.

—Messrs. D. M. Reveal and Peter Meyers, of Mt. Olivet, were here yesterday on business.

—Miss Edith Earl Berry is being most charmingly entertained by Miss Strode, of Lewisburg.

—Miss Anna King, of West Liberty, O., is the guest of Miss Scot Parker, of the Sixth ward.

—Miss Lucile Payne, of West Union, O., is the guest of Miss Olivia Hicks, of the Sixth ward.

—Miss Maggie Beasley and Miss Ida May Smith are visiting friends and relatives at Tollesboro.

—Mrs. James Rankins and daughter Louie, of Mt. Olivet, arrived here from a visit to relatives in Richmond, Va.

—Paris Kentuckian: "Miss Nora Wadell left Friday to visit her sister in Mason County and her friend, Mrs. John Boulden, of Maysville."

—Miss Marie Andrews Strode, of the "Lowlands," near Lewisburg, leaves today for an extended visit to friends and relatives at Georgetown and Lexington.

—Miss Frances Reed, of Locust Grove, entertained most royally with a house party. Among her guests were the Misses Key, Strode, Robb, Lee, Berry and Miss Dowdy, of Cincinnati.

—Lexington Leader, July 15th: "Hon. Benjamin F. Graziani, of Covington, and Hon. Thomas A. Davis, of Maysville, are in the city and will be the guests of G. W. Muir, on South Limestone street, until to-morrow morning, when they go to Torrent, Ky."

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria.

When she became Miss, she clung to Castoria.

When she had Children, she gave them Castoria.

The Coming of Baby.

When a baby comes to the house real happiness comes. The care and anxiety count for nothing against the clinging touch of the little hands and the sound of the little voice. [The highest function given to human beings is bringing healthy, happy children into the world. Over thirty years ago the needs of women appealed to Dr. Pierce, now chief consulting physician to the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y. The result of his study improved by thirty years of practice is embodied in Dr. Pierce's Favorite Prescription. It strengthens, purifies and makes healthy the organs distinctly feminine. It gives weak women the strength and health necessary for the production of healthy children and it makes the bearer of those children easy. It is sure to cure any weakness or derangement peculiar to women: stops pain, soothes inflammation, purifies, invigorates.

We the undersigned desire to thank our many friends for their kindness in the hour of our bereavement, and we do so kindly thank those who were so kind to our dear daughter and sister during her dying hour.

MR. ALONZO KIDDER AND FAMILY.

Friday's Cash Sale

No time of the year when the trading public can secure such bargain benefits as right now.

LAUNDERED WAISTS.—All our \$1.00 and \$1.25 Waists we place on sale for 50. Sizes and styles not much broken. You could not buy the material in these waists and make them yourself at this price.

WASH GOODS.—Pity such dainty summer fabrics should be sold at such absurdly low prices. A cold, wet June is to blame for it mostly. 12, 15, 18 cent Dimities, Lawns and Batistes at a uniform price of 10c. the yard.

BATH ROOM ACCESSORIES.—The bath can be made a luxury at a very little expense. Good soap and good Towels cost no more than poor substitutes and are cheaper in the long run. We offer during this sale Colgate's best quality White Castle Soap for 7c. a bar. Close-woven, soft Turkish Towels, 40x20, colored or plain borders, 13c. each. Large size Turkish Bath Towels, best quality, bleached or unbleached, 21c. each.

HERB MEDICINE CO.

SPRINGFIELD, O.

RAILWAY BULLETIN.

Announcements of Excursions—Reduced Rates and Other Matters of Interest.

During the months of June, July, August, September and October, the C. and O. will sell round trip tickets to certain points in Alabama, Florida, Georgia, Mississippi, North and South Carolina, Tennessee, Kentucky, Louisiana, Virginia, Arizona, Arkansas, Colorado, Kansas, Nebraska, Missouri, Oklahoma, South Dakota, Texas, Utah and Wyoming, at one fare, plus 25c. For dates of sale and points to which tickets will be sold, see C. and O. ticket agent.

Those who are interested in the beauties and wonders of nature are charmed with Oligo-nunk. It appeals only to the intelligent class. The ride over the Picturesque C. and O. Ry. is worth much, but the tour into the heart of Honey Comb mountains is a revelation. The special train leaves C. and O. station every Sunday. Fourth street depot, Cincinnati, 8 and returns to the city promptly at 9:30 p. m. Only \$1 round trip.

The C. and O. will have on sale round trip tickets July 13th to September 30th, to the following points at rates named: Asheville, N. C., \$17.05; Ashland, Wis., \$20; Benton Harbor, Mich., \$13.05; Chautauqua Lake, N. Y., \$15.75; Colorado Springs or Denver \$34; Duluth, Minn., \$24; Eureka Springs, Ark., \$20.50; Niagara Falls, N. Y., \$18.75; Potosi, Mo., \$20.00; Put in Bay, O., \$10.35; Sandusky, O., \$9.35. Very cheap round trip rate to all the Virginia Springs \$18.75.

Oligo-nunk, every Sunday, C. and O. route, \$1 round trip. A beautiful ride for 100 miles along the Ohio. A wonderful trip along the Kinnickinnick, and an awe-inspiring tour into the heart of Honeycomb Mountains among the mysteries of thousands of years embodied in countless stalactites and stalagmites of fantastic forms. Novel, interesting and instructive. Go alone or make up a party. Special car and special guides for special parties. Leave Cincinnati Fourth street depot 8 a. m., pass Maysville at 10 a. m., arrive at caves 12:30 noon. Leave caves 5 p. m., reach Cincinnati 9:15 p. m.

REPUBLICAN STATE LEAGUE CONVENTION. On above account the L. and N. railroad will sell round trip tickets to Lexington July 22nd and 23rd at \$2.10. Return limit July 25th.

MAYSVILLE GETS IT.

The Democrats of the Ninth Will Meet Here August 12th to Nominate a Candidate For Congress.

The Democratic convention to nominate a candidate for Congress will meet in this city Wednesday, August 12th, at 11 a. m.

This was decided at the meeting of the Executive Committee of the district at the Central Hotel Wednesday.

All the counties were represented at the committee meeting in person or by proxy except Harrison and Lawrence. Those present were: Messrs. George W. Parsons, of Bracken, R. A. Fields, of Boyd, A. P. McCoy and Dr. G. R. Logan, of Carter, Hon. R. K. Hart, of Fleming, John T. Womack, of Greenup, J. W. Dalzell, of Nicholas, D. M. Reveal, of Robertson, and John W. Alexander, of Mason. Mr. E. H. Nesbitt was present with the proxy from Bath, Mr. John C. Lovel with the proxy from Lewis and Mr. E. A. Robinson from Rowan.

It was left with the various county committees to decide whether mass meetings or precinct conventions should be held to select delegates to the district convention. The county committees are to settle this point on July 25th. Where mass meetings are agreed upon, they shall be held Saturday, August 8th, at 2 p. m., sun time. In case precinct meetings are preferred, they shall also be held August 8th, at 2 p. m., sun time, and select delegates to a county convention on August 10th, at same hour, which county convention is to select the district delegates.

The basis of representation was fixed at one vote for each 200 or fraction of 100 or more votes cast for Hardin for Governor. This basis will entitle the counties to the following vote in the district convention:

Bath.....	7
Boyd.....	7
Bracken.....	6
Carter.....	7
Fleming.....	8
Greenup.....	5
Harrison.....	11
Lawrence.....	9
Lewis.....	5
Mason.....	11
Nicholas.....	7
Rowan.....	2
Robertson.....	2
Total.....	87
Necessary to a choice.....	44

BOLDLY FOR SILVER

Stands Judge Lewis, a Prominent Republican Politician.

SOMERSET, Ky., July 14.—Judge A. A. Lewis, of this city, ex-editor of the Somerset Republican, and a lifelong Republican, has come out for free silver, the Chicago platform and Bryan. Judge Lewis has been a free silver man for three years, but has recently taken a bold stand. Free silver Republicans and Democrats are urging Judge Lewis to make the race for Congress in this (the Eleventh) Congressional district, against D. G. Colson and John D. White, who are both gold men. Judge Lewis, if chosen to make the race, would give Colson and White a hard fight, as the free silver sentiment is fast spreading in the Eleventh district.

Halbert and Clay Bolt the Ticket.

VANCEBURG, Ky., July 15.—Hon. Geo. T. Halbert, a veteran Democratic politician, ex-Commonwealth Attorney and formerly State Senator, to-day announced that he will not support the ticket nominated at Chicago. Nor will he support any free-silver man for Congress. He will oppose any candidate for Representative or State Senator favorable to Jo Blackburn for United States Senator.

PARIS, July 15.—Hon. C. M. Clay, of Paris, is out in a newspaper card repudiating the platform and nominees of the Chicago convention. He calls on the gold Democrats to hold a convention and nominate an acceptable ticket.

A Fast One.

Phenol, a pacing mare owned by Mr. C. C. Pearce, of Flemingsburg, made quite a reputation for herself at the Joliet (Ill.) races last Thursday by winning a \$1,000 stake and making a record of 2.07. She won three straight heats, and Mr. Pearce thinks that she will be able to make a still better record before the summer is over. He will probably bring her to Kentucky this fall.

Open Air Concert.

The Maysville Band will give a concert at Dieterich's Park to-morrow night if the weather is favorable. The grounds have been lighted with electric lights, and every arrangement made for the accommodation of those who attend. The public cordially invited.

A Child Entice

The pleasant flavor, gentle action, and soothing effect of Syrup of Figs, when in need of a laxative, and if the father or mother be constipated or bilious, the most gratifying results follow its use; so that it is the best family remedy known and every family should have a bottle.

Ice cream soda at Armstrong's.

FIRE INSURANCE.—Duley & Baldwin.

JOHN F. COCHRAN, formerly of Ripley, died a few days ago at Des Moines, Iowa.

SAVE ten Saxon Soap wrappers and get a baseball at Frank Owens Hardware Store.

Ice cream soda, phosphates and crushed fruits at Ray's fountain, next door to Postoffice.

KING SOLOMON had a thousand wives. George Adamson has a million of them using Saxon Soap.

AT Saginaw, Mich., this week, Mike Bowerman won the 2:28 trot with Barnetta; purse \$1,000.

MISS AGNEW, of Vanceburg, was badly shocked by a stroke of lightning which shattered a tree she was passing.

REV. W. T. SPEERS, of Washington, will assist Rev. Mr. Thompson in a meeting near Lexington, commencing this week.

ASSISTANT GENERAL PASSENGER AGENT C. B. RYAN of the C. and O. says travel towards the Virginia and seaside resorts is heavy as ever.

If you want paris green that will kill tobacco worms, potato bugs, &c., and not fatten them, get it at Chenoweth's drug store. They have it pure.

PRAYER meeting at the Christian Church to-night at 7:30, in the chapel. Rev. S. D. Dutcher, of Austin, Tex., will conduct the services. The public cordially invited.

A DELIGHTFUL musical was given Tuesday evening at the beautiful home of Mr. and Mrs. John S. Lee near Rectorville. Miss Mary Chambers and Miss Lula Hill, of this city, were among the artists.

THE Louisville and Nashville statement of earnings for the first week of July, just issued by Comptroller Quarrier, shows gross earnings of \$377,570, against \$379,870 for the corresponding week of last year. Decrease, \$2,310.

REYNOLDS CONWAY, son of James Conway, near Hooktown, Nicholas County, left home last Thursday, and has not since been heard from. He is of slender build, has dark hair, gray eyes; wore black hat, brown coat and cotton pants. Any information sent to his father, or to T. M. Purnell, Millersburg, Ky., will be thankfully received.

REV. FRED D. HALE has finally decided to withdraw from the First Baptist Church at Owensboro with such of his adherents as choose to follow him. He will not ask for a division of the church property as was contemplated at the time he first resolved to quit the church and organize his new congregation. The anti-Hale faction had all along resisted the idea of giving up any part of the church property to the seceders, and a few days ago sued out an injunction to restrain the church trustees from mortgaging the building, issuing bonds or taking any steps whatever toward transferring part of the property to the Hale faction. This unexpected method of resistance caused Mr. Hale and his followers to abandon their demand for a division. He will organize his new congregation and the seceders will undertake the construction of a house of worship without assistance from the parent body.

NEXT Sabbath evening a subject of especial importance will be discussed by the pastor of the Aberdeen M. E. Church. The theme will be "The Sunday School Spirit Serving Uncle Sam." In will embody an application of Christian sociology to the municipality. After a brief introduction on the value of ideals, religious, social and municipal, in which the man or municipality without an ideal will be compared to a bird without wings, the theme will be unfolded in four-fold form:

First, The Sunday school spirit at which liquor men first grin, then shiver, develops a municipal ideal which includes among other things, 1. The utter abolition of all liquor selling in its model.

Second, It insists upon strict enforcement of laws of nation, State and municipality. A patriot which believes in law keeping, but does not do it for expeditious reasons is open to the suspicion of traitorhood.

Third, It involves moreover the best possible educational system for the benefit of the coming citizen. For a republic there is but one safe course and that is to educate—Bishop Haygood. The damage done to education by having ignorant men elected to select teachers will be pointed out. The need of education to prepare the coming generation to fill the offices of the municipality with credit and success will be insisted upon.

Fourth, It involves legitimate efforts to make the advantage of the municipality known—advertised by its virtues rather than by the opposites.

Fifth, A word as to the sphere of the church in these regards.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by J. James Wood.

THE BIG CORPORATIONS

Will Fight a Long Legal Battle Before Paying Franchise Tax.

(Courier-Journal Special.)

FRANKFORT, Ky., July 13.—The rosiest hue that can be put on the State's financial condition for the remainder of this year, and several years, unless something is done by a special legislative session, leaves it looking bad enough, but not nearly so bad as it will really be. For instance, in making up their estimates of school fund, general expenditure fund and other resources for the year, the State officials count on a big sum from the corporations, against which a bigger franchise tax has been charged. The prospects are that these corporations are not going to pay any franchise tax this year. At least the knowing ones say that's what the suit the Henderson Bridge Company has instituted means.

An understanding, they say, exists among all the bigger corporations, that when this suit is brought it will be answered in a way that will permit of its being taken to the United States Supreme Court, where the bridge company and the other corporations in sympathy with it hope to get a virtual reversal of the Judge Grace opinion, which has been followed by the Board of Valuation in estimating the franchise values for this year. It will, of course, take a year or two to get this decision. With none of the corporations paying franchise tax for a year or two; with a smaller revenue than usual from ad valorem taxes, and more outstanding warrants than taxes that can be reasonably expected before the last of the year, it can be readily seen how fast the financial affairs of the State are going from bad to worse.

Stands on the Chicago Platform.

Greenup Democrat: "The Gazette stated last week that W. LaRue Thomas, of Maysville, candidate for the Democratic nomination for Congress, had been counted as a gold standard man heretofore, but that he is now in favor of silver. Colonel Thomas has been and is now the same as all other true Democrats—willing to make his race on the Chicago platform. There is one difference between a Democrat and a Republican. The Democrat in his party enjoys free thought, free speech, etc., while his Republican friend is hide and soul bound to his party and has no voice in their councils. All he is fit for is to vote, and should he dare get out of the line a smart lash from the driver will generally hasten him back. Ego et rex meus."

Joel T. Kirk's Remains Recovered.

The body of Joel T. Kirk, who committed suicide Monday night by jumping into the river, was recovered about 8 o'clock this morning by Mr. William Preston, of Aberdeen. Shortly after the steamer Nisbet arrived, Mr. Preston and a companion were getting into a skiff just below the wharf when the body was discovered. A string was attached and it was pulled ashore.

Coroner Roe was notified, and had the remains removed to Means' undertaking rooms. The inquest resulted in a verdict of suicide by drowning.

The deceased's relatives will be notified to-day. The remains will be interred this afternoon or to-morrow.

And Still Another Defeat.

LEXINGTON, Ky., July 15.—The first game played by the new Lexington Base Ball Club was played here to-day with the Maysville team. The Lexingtons won by a score of 6 to 0.

Don't think of buying anything in the jewelry line until you see Ballenger's stock. It is the very best, guaranteed to be just as represented, and you know it doesn't pay to buy any other kind.

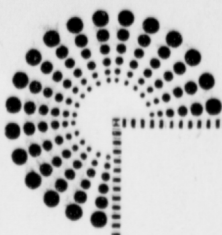

SOME sneak thieves effected an entrance to Mrs. Barcroft's kitchen at the Hill House Tuesday night about 11 o'clock and carried off everything in the way of eatables that had been left in the room.

10 Hayti by Telegraph.

ALBANY, July 16.—The United States and Hayti Telegraph company, capitalized at \$1,800,000, was incorporated with the secretary of state yesterday. The directors are: Albert B. Chandler and Edward C. Platt of Brooklyn, John W. Mackay, George Clapperton, Alber Beck, Charles N. Merritt and John Beattie of New York.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whiskey nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at J. James Wood's drug store.

A PILLOW OF PINE.

I rest on a pillow of pine, brought home from the summer mountains. The balm of its needles is soothing, and grateful I feel to the hands. The tender and thoughtful hands of the friends that gathering remembered me. And yet the aroma it yields takes me farther than summer mountains. Takes me down to the forests of pine in Virginia and North Carolina. Again I ride a horse and sleep in the woods and by roadways. Again I am with companions and implements of warfare. I hear the drum and the fife and the bugle's call to action. The batteries belch their fire, and the squadrons charge like demons. And from rude made breastworks come showers of lead like hailstones. While the flag goes up or down as success crowns our endeavors. The wounded lie in the forest, but a fire is waiting its way there; While helpless they lie till consumed in the terrible havoc. And men are dying with thirst in the grime of the conflict unending. While the night stops only awhile the carnage and belchings of cannon; And I lie on a pine needle bed, under the bright stars of heaven. —Edward S. Creamer in New York Sun.

Horse Shedding a Witness.

"I can't imagine where Senator Elkins obtained his authority for the explanation which he gives of the origin of the expression 'horse shedding,'" said Representative Grosvenor. "The origin of this famous expression was as follows:

"In days gone by the Ohio courts held sessions at different county seats at certain periods known as court terms. To accommodate the large crowds of litigants and witnesses who would flock in from points for miles around the county seat when court was in session, the county authorities erected sheds near the courthouse, where the litigants and their witnesses could tie and feed their horses while they attended court, and these sheds became known as horse sheds. Now, owing to the limited space of the courtrooms, the lawyers, who always traveled with the court, were unable to hold a private consultation with their clients and witnesses inside the walls, and so they used to take them under the horse sheds and there talk matters over with them.

"Among the attorneys who attended court at Chester, the then county seat of Meigs county, on one occasion were Tom Ewing and Samuel F. Vinton. The court was ready to go on with the case in which the two noted attorneys were retained as opening counsel, when it was discovered that Vinton was not present. The court looked carefully around and then asked:

"Where is Mr. Vinton?" "I don't know, your honor," said Ewing, rising to his feet. "He is not here, but he is probably outside horse shedding his witnesses."

"The remark raised a general laugh, and thereafter the word horse shedding a witness passed into popular parlance." —Washington Post.

Has a Moon on His Neck.

The queerest birthmark which the authorities tell anything about is on the back of Joseph Rotherman's neck. Joseph is a resident of Connellsville, Pa., and his odd mark is a moon. When the moon is new the mark is hardly noticeable, but by the end of the first quarter it is an angry looking crescent, daily increasing in size. When the moon is at the full Rotherman's birthmark has also attained its maximum size. It decreases as the moon wanes and by the time of old or new moon is again scarcely noticeable. —St. Louis Republic.

TO SEE EACH OTHER PARADE.

The G. A. R. and the K. of P. in the Twin Cities at the Same Time.

ST. PAUL, July 16.—The executive committee of the forthcoming Pythian encampment at Minneapolis was in conference here yesterday with General Mason of the Grand Army executive committee and the committee on arrangements of the Grand Army encampment, looking to the interchange of courtesies during the meetings of these two great bodies in the Twin Cities.

It is proposed that the knights shall take a trip to St. Paul on Wednesday, the day of the Grand Army parade; and that in turn the old soldiers shall take an afternoon off to review the great pageant on the Minneapolis side of the bridge, and which promises to be more splendid than anything previously seen in the west.

Work for the Pythian encampment on the grounds at Thirteenth street and Nicollet avenue is already progressing, the streets having been laid out and named, and the tents informally located. The finance committee has nearly concluded its labors, and the amount required to defray the expenses of the encampment has, in the main, been subscribed.

MASSACRE OF CHRISTIANS.

The Latest Outrages of the Turks in the Island of Crete.

ATHENS, July 16.—The Turks have massacred a number of Christians in the Cretan provinces Spakia, Retima and Kydoma. They have also destroyed several villages with their vineyards.

Under the pretext of recovering the bodies of the Turkish sailors who were killed this week on the shore near Kalives, a body of Turkish troops tried to advance to Apokorona. They were twice repulsed by the Christians.

The Fighting Was Severe.

LONDON, July 16.—The Daily News has a dispatch from Canea, island of Crete, which reports that the fighting at Apokorona was severe, lasting till after midnight, when the Turks were totally defeated. The consuls of the powers in Crete have telegraphed to their governments, denouncing the Turkish violation of the armistice.

IRON MARKET STAGNANT.

Prices in Some Lines as Low as They Were Two Years Ago.

CHICAGO, July 16.—The Industrial World says: General stagnation has settled down upon the western iron markets. Prices in some lines are as low as they were two years ago. Southern pig iron is selling at Chicago in some extreme instances below \$11 for No. 1 foundry and a number of makers have withdrawn from the market with the statement that present prices are below the cost of production.

The local irons are firmer, but buyers are holding off. Not one local transaction of note has been reported during the past week. The placing of a 10,000 ton order of Bessemer iron by a new steel plant at Indianapolis with a Columbus (O.) producer has been the chief transaction in the west.

ALASKAN BOUNDARY.

Secretary Olney Sends General Duffield to Investigate and Report.

SEATTLE, Wash., July 16.—General Duffield, chief of the coast geodetic survey, arrived in this city yesterday from the national capital. He left last night for Alaska. The object of his trip, which is made at the instance of Secretary of State Olney, is to gather information bearing upon the Alaskan boundary controversy.

A new commission to determine the boundary line between Alaska and the British possessions is soon to be appointed. Duffield will go as far north as the mouth of the Youkon, and, possibly, beyond.

Storm in West Virginia.

KINGWOOD, W. Va., July 16.—An exceedingly heavy and damaging rain-storm visited this section yesterday morning. A heavy loss will be suffered by the farmers. Oats and other crops are badly damaged.

Cardinal Lavalatte Dead.

ROME, July 16.—Cardinal Lavalatte, dean of the Sacred college, is dead, at the age of 70 years. He was created a cardinal in 1868.

Fight Arranged.

KANSAS CITY, July 16.—Paddy Pertell, the Kansas City welter weight, and Jimmy Ryan, the Cincinnati middle weight, have been matched for a finish fight at catch weights, to take place Aug. 30 within 100 miles of Kansas City. The referee, it is said, has been agreed upon and all the details are practically settled.

Revolt in Matabeland.

LONDON, July 16.—A dispatch from Bulawayo to The Daily Telegraph says that 1,500 friendly natives have joined the revolt in Matabeland. The news received at Bulawayo from Salisbury is very bad. It is said that the campfires of the Mashonas are visible close to the larger and that an attack is expected.

Gold Reserve Further Reduced.

WASHINGTON, July 15.—The treasury yesterday lost \$1,153,400 in gold coin, and \$31,500 in bars, of which \$900,000 in coin was for export, which leaves the true amount of the gold reserve \$97,355,678.

BOSTON, July 16.—In a short, but brisk tenement house fire on Lehigh street last night, Mr. and Mrs. Dennis Driscoll were burned to death and Mrs. Margaret Hogan, a widow, aged 70 years, received injuries from which she will die.

The Driscolls were driven back into their rooms. Mrs. Driscoll had strength enough to reach the open window, where the horrified spectators saw her rock herself in her agony and at last fall back dead.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

ALL WE ASK

Is a comparison. Your money back if goods are not satisfactory. The BLUE RIBBON STORE, corner of Third and Limestone. You will find us handing out the very best quality of goods at prices that no other concern in the city can duplicate.

We have made arrangements to handle STRAWBERRIES for parties in Greenup County who cultivate 50 acres, which will enable us to furnish all Maysville and vicinity with the finest Berries that come to this market, both at wholesale and retail.

ANNOUNCEMENT.

FOR CONGRESS.
WE are authorized to announce W. LARUE THOMAS, of Mason County, a candidate for Congress from this, the Ninth, district, subject to the action of the Democratic party.

At Ruggles' Camp Ground,

SATURDAY, JULY 14th, at 10:30 a. m., the following privileges will be let to the best bidder: Hotel, Confectionery, Stable, Baggage Room and Barber Shop. The Board reserves the right to reject any or all bids. The meetings on these beautiful and much improved grounds will be held beginning July 25th and closing on August 9th. Eminent Divines will be present. Rev. A. B. Leonard, of Ashland; Rev. Thomas Hanford, of Covington; Rev. M. Swadener, of Cincinnati, O., and the ministers of the Covington and Ashland districts are expected to be present. The singing will be in charge of a splendid choir, which is an assurance that it will be all that can be desired. A 14-room house has been built with porches all round, making accommodations for any and all comers. The Tabernacle has been enlarged. And the best of all is we have excellent water—two large cisterns and three wells. One of the wells is 150 feet deep, the water of which has been analyzed and contains the following medicinal qualities: Total Solids, 3.5 to the liter; Soluble Salts, 3.16 to the liter; consisting of Chlorides and Sulphates of Magnesium, Sodium and Potassium; Insoluble Salts, 0.44 to the liter, consisting of Calcium Carbonates with traces of Iron. The meetings will be in charge of Revs. G. R. Frenger and J. G. Dover, Presiding Elders of the Covington, Maysville and Ashland districts. If you desire tents write
I. M. LANE, Maysville, Ky.

SPECIAL DAYS.

Epworth and Junior League Days, July 30 and 31. Earnest workers will be present.
Soldiers' Day, August 4th; address by Rev. W. H. W. Reese, of Cincinnati, O.
Temperance Day, August 6th; address by Rev. G. W. Young, of Richmond, Ky., and Rev. W. G. Bradford.

FARM

FOR SALE

Situated on the Maysville and Burtonville turnpike, thirteen and a half miles from Maysville and two and a half from Burtonville. Two churches—one Reform and one Methodist, the farthest only a mile distant. A first-class school within half a mile.

The farm contains twenty-six acres, well fenced and well watered by three ponds and a good cistern. A good house with five rooms stands back from the pike about fifty yards and is rolling from house to pike. Ruggles Camp Grounds about three-quarters of a mile distant. Orchard contains the following: 15 apple trees, 20 pear trees, 10 plum trees, 10 peach trees, 4 quince trees, 1 cherry tree and 1 acre of strawberries. Sharples: 1 acre raspberries, Black Caps. A splendid garden, paved in. In a good neighborhood. Two blacksmith shops, two stores and a grist mill. A good barn, smoke house, hen house and other outbuildings. The land lays well. A widow and want to leave, the reason for selling. Price \$500 cash.
ELLEN HARDYMAN,
Burtonville, Ky.
